IOEARTH 'MOMENTS'

Dave Cureton and Adam Gough would like to thank ...

The IOEarth band & musicians, Richard Cureton, Claire Malin, Luke Shingler, Christian Nokes and Steve Trigg. We are so lucky to have the best bunch of musicians any composer would dream of having. Their hard work and dedication to IOEarth goes beyond the call of duty.

We also would like to thank the IOEarth team, Wendy Vissers-Hagenbeek and Sue Cureton. Wendy does so much work behind the scenes for IOEarth. She's our secret weapon, our photographer, designer of the art work for IOEarth 'Moments' and supplied narration for the album. Mommy O for working the merchandise table at the IOEarth shows and sending merchandise out on time. She's a big support to us and a great asset to our team.

Nicko Cureton age 6, for being such a professional in the studio and smashing that cymbal within in an inch of it's life and Jayna Maye-Noa Vissers age 9, for uttering her first English words "Don't leave me behind". Miguel Seco for his hard work and for making the album sound amazing "Loads of reverb man and stick it way back".

We thank our parents & families, Pedro Vissers, Rob Hoffman and of course all of you, our IOEarth family!

See you on the road ...

Moments

Moments

*I wish you well so please don't start
I can't find the way into your heart*

*Can you wish upon a star or a dream
To find love*

Live Your Life Part 1

*You feel no one's out there
Don't be alone*

*Don't think just be you
The person I love*

*Don't cry, you will find the light
Don't cry, you will float away*

*Chorus
So live your life*

*Hold on to what it means
To be with me
Live your thoughts and dreams
Follow your heart*

*Don't cry, you will find the light
Don't cry, you will float away*

Chorus

Live Your Life Part 2

*You see the silence
Your feelings are constant
Somewhere in your mind
You'll feel real love*

*Don't hide inside yourself
You'll feel the sentiment*

*Chorus
So live your life*

*You see the silence
You'll feel real love*

Chorus

*Hear my words of silent truth
The voice inside it screams to you
To understand the silent voice
Follow your heart*

Drifting

*Roses climb into my hands
I don't want to sleep alone tonight
Time has come to close my eyes
Take my soul into the river*

*I only feel alive when I sleep
I'm so tired I cannot dream
Time has come to close my eyes
Take my soul into the river*

*I feel the land and it's drifting away
Away from me
I feel my life and it's a 1000 miles away
Away from me*

Cinta Indah

*And I want you to know
That I'm sorry I left you when
You never knew
How much I need you*

*When I'm in your arms
I die in your arms
I'd kill for your touch
Your touch*

Brothers

Come Find Love

*Come find your mind
Come find love*

I'm gonna make you feel alright

Finest Hour

*You will fly with me to the sun
We can make this world become one*

*Don't you cry
You will find your way
Before time
Everything will fade to grey*

Turn Away

*A clock winds in silence
A room sits in darkness
A man on the street
Asks you to lend a hand
You turn away*

*The crowds watch as you go by
Endless pairs of faithless eyes
If they could only see
The truth behind your eyes
They'd turn away*

*Is there any hope for me
All of the things that I have seen
My life is 10,000 years away
Can't cheat the hands of time
Can't turn away*

*A clock winds in silence
A room sits in darkness
A man on the street
Asks you to lend a hand
You turn away*
