

SUCKER D KUNG FU

ORIGINAL MOTION PICTURE SOUNDTRACK

“And finally, this question: The mystery of whose story it will be, of who draws the curtain, of who sets the stage. Who is it that chooses our steps in the dance, who drives us mad, lashes us with whips and crowns us with victory when we survive the impossible? Who is it that does all these things?”

To all of the many incredibly talented people who have worked so tirelessly to make Sucker Punch a reality, thank you. And to Richard Bach, your inspiration touches me sometimes even when I’m not aware of it.

“You have all the weapons you need. Now fight.”
